Top Subject Matter Experts

Short Courses

Automatic Booster Training

Built for today's **on-the-go** Employee

Learning That Is **NOT** Boring!

In a lecture based format, our learning solution is not simply an instructor presenting from a PowerPoint in a “text and next” format. Our content is presented person-to-person by top subject matter experts who explain essential ideas clearly and completely. Interactive features embedded in each course solidify the learning experience and keep your learners engaged.

Covering the topics to **Boost Performance...** while keeping your company **Compliant**

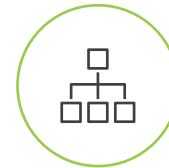

Our learning solution contains *more than 1,000 video based modules*, covering topics such as...

Leadership & Management

Account & Finance

Organizational Behavior

Project Management

Human Resources

Sales & Marketing

Development Skills

Health & Safety

Microsoft & Business Software
