CODING & ICD-10 EDUCATION

Consider your ICD-10 education complete with Litmos Healthcare Division's full suite of expert education.

ICD-10 eLearning Library

Litmos Healthcare Division's eLearning is skillfully created by industry experts. Each course is authored by nationally recognized instructors and designed for the adult learner. We use a wide variety of technologies such as audio and video to engage the learner. Some key features include:

- Easy to use and simple to track for training administrators.
- Access to 100+ online sessions.
- Topics include: ICD-10 Preparedness, Anatomy & Physiology, ICD-10 Coding, ICD-9 & CPT Coding, CDI, ICD-10 for Nursing, ICD-10 for Revenue Cycle Professionals, and ICD-10 Physician Documentation.
- CEU, CNE and CME credits available from AAPC, AHIMA, ACDIS, ACCME, ANCC, and AAFP.
- Expert course authors who have decades of experience in coding, medicine, CDI, etc.

ICD-10 Live Training, Webinars, Peer-to-Peer Training for Physicians

Gaining the support of physicians in your ICD-10 plans is critical to your transition success. Our blended solution for physicians includes:

- Live classroom training for physician champions.
- Ongoing virtual seminars or webinars for physician champions.
- Sessions presented by physician advisors, including Pamela P. Bensen, MD, MS, FACEP, an AHIMA-approved ICD-10 Trainer.
- Dr. Bensen received her MS at the Dartmouth Institute for Health Policy and Clinical Practice.
- Dr. Bensen has 40 years of experience in emergency medicine practice and in educating physicians about clinical documentation improvement.

ICD-10 Online Knowledgebase for Medical Professionals

Ease your ICD-10 clinical documentation worries with our ICD-10 Knowledgebase. ICD-10 codes for the most common diagnoses are now at your fingertips, and 100% online—helping to reduce queries. Some key features include:

- Text and audio documentation information.
- Review cases available from other physicians.
- Ask an expert if you can't find what you're looking for.
- Available online, in real time, and from any internet-connected device.
- Authored by licensed physicians and experienced trainers.
- Easy to access delivery; log on and off the online database at any time.
