Sample courses

Leading Learning – Effective Online Communication

This course will give employees tips on online communication etiquette and how to effectively craft emails, blogs, and posts. It will also touch on privacy and security usage when writing on online platforms.

Leading Learning - Fair Competition

The penalties for not complying with competition law can be severe for companies and any individuals involved. In many instances, these regulations can be enforced outside each country's borders, making competition law compliance a significant risk for businesses.

Leading Learning – Managers Guide to Leading Change

Managing change is one of the most important skills that a manager can master. Successful change is dependent upon how a manager can enlist the support of their employees to carry out change. This course reviews the concepts and techniques to enable you to lead your employees towards successful outcomes.

Green Finance

Green finance is about prioritizing green investments, supporting sustainable business development, and incentivizing people to be more environmentally responsible. It covers a range of actions, products and services used by both individuals and organizations to achieve green objectives. In this course we explain how green finance is bankrolling the sustainable revolution.

Litmos Training Content Foundation

A suite of 140 courses,
and growing, covering
a range of skills,
designed to kick start
the learning journey.

Sample courses

Leading Learning - Understanding Diversity and Inclusion
Workplace diversity, in its broadest sense, refers to all the differences and experiences employees bring to work. Learn about these benefits of a DE&I approach and how you and your organization can create a more diverse and inclusive workplace.

Leading Learning - Giving Feedback
Did you know that 75% of employees believe feedback is important, and 65% of employees want more feedback than they're getting? This course will help you learn the skills you need to give feedback to help build connections, strengthen relationships, and create a trusting work environment.

Leading Learning - Tackling Unconscious Bias
Everyone has some unconscious biases, but how do we recognize them and prevent them from unfairly influencing our decisions? In this course, your employees will dive into ways they can overcome their own unconscious bias. This is an important step to creating a fairer workplace.

Litmos Training Content **U.S. Healthcare**

A suite of courses for US Healthcare covering compliance including HIPAA as well as Revenue Cycle (217 courses).

Sample courses

Overview of HIPAA Standards

HIPAA's primary goals are to simplify insurance administration and to protect the personal health information (PHI) of individuals. This course provides an overview of HIPAA standards including privacy standards, security standards, and standards for business associates.

Recognizing Abuse and Violence

With any form of abuse or neglect, a healthcare worker's observations and sharing their concerns may make a critical difference in someone's life. This course covers types and signs of abuse, as well as how to respond to concerns.

CMS Fraud, Waste and Abuse Training

This training assists Medicare Parts C and D plan Sponsor's employee, governing body members, and their first-tier, downstream, and related entities (FDRs) to satisfy their annual FWA training requirements. It assists in recognizing fraud, waste, and abuse in Medicare along with identifying major laws and regulations pertaining to FWA.

Litmos Training Content **ANZ Compliance**

A compliance training suite covering compliance courses for Australia and New Zealand (157 courses and growing).

Sample courses

The SAFE Files - Work Health and Safety

This course covers important information about health and safety in the workplace. It outlines the associated legal framework and individual and organisational obligations concerning safety. It looks at potential workplace hazards and explains the processes for managing and reporting health and safety risks and incidents. This course is part of a series that uses a graphic novel design and a detective narrative to achieve meaningful behaviour change.

Compliance Essentials Australia - Sexual Harassment Prevention

This course covers important information about how to recognize and prevent workplace sexual harassment. It also offers guidance on what to do if exposed to any form of sexual harassment in the workplace.

Litmos Training Content **U.S. & Canada Compliance**

A compliance training suite covering compliance courses for US and Canada (135 courses and growing).

[View course catalog](#)

Sample courses

Preventing Workplace Discrimination and Harassment

This course explains what is meant by discrimination and harassment in the workplace. It covers the concept of retaliation, the impact of discrimination and the relevant legal framework that aims to prevent it. It looks at how an employee can get help with unfair treatment and provides ways to promote fairer workplaces. There is also a supplementary course on this topic for supervisors and managers

Health and Safety in the Workplace

Understanding common hazards in the workplace and taking simple steps to address them can help reduce incidents, prevent accidents, and avoid injuries. As well as practical advice, this course covers workers' and employers' legal duties in relation to health and safety, along with OSHA's role. Employees will learn their health and safety rights and how to respond to a health and safety hazard or issue.

Litmos Training Content **U.K. Compliance**

A compliance training suite covering compliance courses for the United Kingdom (135 courses and growing).

Sample courses

Equality and Diversity in the Workplace

The best companies know that an inclusive environment inspires creativity and innovation. Different kinds of people, from different kinds of places, with diverse backgrounds all working together. In a work environment that honours individuality, human dignity, and equality – people want to be themselves and are empowered to do the best work of their lives.

Compliance Essentials - UK General Data Protection Regulation

The UK GDPR is a set of regulations governing data protection in the UK. It governs UK citizens' privacy rights but applies to organisations across the globe. This course covers key requirements for organisations, and information on staying compliant.

Hazard Identification and Risk Control

This course will help you identify the most common hazard types and provide practical techniques to help you manage risk to make your workplace a safer place for all.
