🕐 60 Minutes | EN

Resumen de los estándares de la HIPAA 2.0 (Global)

Dichos objetivos han repercutido en la forma en que los proveedores de servicios sanitarios y los planes de salud, también denominados "entidades cubiertas", así como sus socios comerciales, realizan sus gestiones diarias: desde los registros médicos del paciente hasta la facturación. Es importante que todos los pacientes y las entidades cubiertas comprendan y cumplan las regulaciones pertinentes de la HIPAA.
