

SAP Litmos 

May 2020 release notes

# SAP Litmos Training Content

## healthcare edition 2005

THE BEST RUN

# SAP Litmos Training Content healthcare edition (formerly BridgeFront)

## 3 Updated products

We are working on translating our courses into various languages in 2020. Under each course description, you will see which language translations are available for that course.

EN - English

SP - Spanish

DE - German

FR - French

To gain access to courses that aren't part of your library, please see your Account Manager.

### GENERAL UPDATE

Content or functionality has been updated. It's not necessary to reassign new versions to learners who completed the previous version recently. If this course is part of an annual training program, update relevant enrollment rules. Update any learning pathways with the latest version.

### LEGAL UPDATE

Legal content has changed. Assign the new version to learners, even if they completed the previous version recently. If this course is part of an annual training program, update relevant enrollment rules. Update any learning pathways with the latest version.

### TRANSLATION

The content hasn't changed, but the course has been translated to a specific language.

# SAP Litmos Training Content

## healthcare edition

This library contains healthcare compliance and revenue cycle content for the US (formerly BridgeFront).

### Updated Courses

#### Medicare Advantage Marketing Guidelines for Health Plans 2.0 (US)

Learn about the Medicare Advantage marketing guidelines set up by CMS. This course covers the education that agents require, guidelines for using marketing materials, and criteria for seminars, public events, and sales appointments.

 20 Minutes | EN

#### Prevention of Adverse Events 3.0 (US)

Learn about adverse events in healthcare and the role of employee in helping to prevent them. This course defines adverse events, provides examples, and explains the importance of reporting and investigating these events.

 30 Minutes | EN

#### Medication Errors and Safety 3.0 (US)

Learn safety steps that reduce medication errors and ensure patients receive the correct medications. This course covers safe medication storage, ways to reduce medication mix-ups, and safe procedures for dispensing and administering medication.

 30 Minutes | EN
