General

The following list which will be updated when required provides an overview of Litmos's subprocessors providing data processing relevant services on behalf of Litmos to its customers. A subprocessor is any further Litmos affiliate, or third party involved by Litmos that processes personal data (as defined in applicable data laws) on behalf of Litmos and its customers. All sub-processors will adhere to the laws applicable to them and their operations, including applicable EU data protection laws.

New Sub-Processors

New sub-processors are noted within the Description of Services field for the associated organization. Litmos informs the customer about new sub-processors and relevant changes by maintaining and publishing this list.
